

DECLARATION OF AUTHORSHIP, GOOD PRACTICES, AND COPYRIGHT TRANSFER FORM

The Editorial Office of *Accounting & Management* (*Contaduría y Administración*) reminds authors submitting manuscripts that their content must be original, unpublished, and research-based.

The authors signing the paper must be the same individuals who contributed to its conception, execution, and development, as well as to data collection, interpretation of results, writing, and revision.

The corresponding author of the proposed paper must complete the form provided below. At the end of the form, a signature page is included, which must be signed by all co-authors of the paper. The corresponding author shall compile these signatures on a single page or attach as many copies of the signature page as necessary to obtain the signatures of all authors, incorporating them into the completed form.

This form, duly completed, must be attached when submitting the proposed paper to the journal. Before submitting a paper for publication, we recommend consulting the *Editorial ethics statement*.

Title of the Paper:

_____

_____

Declaration of Originality and Unpublished Status of the Paper (check all applicable boxes)

- ☐ This paper is original, unpublished, and presents research findings that have not yet been published. Furthermore, it has not been submitted and will not be submitted to another journal for publication, unless it is not accepted for publication in *Accounting & Management* (*Contaduría y Administración*).
- ☐ None of the data presented in this paper have been plagiarized, fabricated, manipulated, or distorted. Original data are clearly distinguished from previously published data.
- ☐ The original sources on which the information contained in the manuscript is based, as well as the theories and data derived from other previously published works, are properly identified and cited.
- ☐ The source of previously published figures, tables, data, and other materials is appropriately acknowledged in the paper, and the necessary permissions for their reproduction in any format have been obtained.
- ☐ Consent has been obtained from individuals who have provided unpublished data through oral or written communication, and such communication and authorship are properly identified.

Declaration of Partial or Total Duplication (check this box if applicable)

- ☐ This paper is a translation of a work previously published and has been prepared with the consent of the editors of that publication.

Authorship (check all applicable boxes)

- ☐ All individuals who sign this paper have participated in its planning, design, and execution, as well as in the interpretation of the results. They have also critically reviewed the work, approved its final version, and agree to its publication.
- ☐ No individual responsible for the work has been omitted from authorship, and all criteria for scientific authorship have been met.

Data Collection and Interpretation of Results (check all applicable boxes)

- ☐ The individuals signing this paper have taken care to avoid errors in its experimental or theoretical design, in the presentation of the results, and in their interpretation. Should they discover any error in the paper, either before or after its publication, they will immediately notify the Editorial Office of the journal.
- ☐ The results of this study have been interpreted objectively. Any findings that are contrary to the views of the signatories are presented and discussed in the paper.

Acknowledgments (check this box if applicable)

☐ All sources of funding provided for this study are properly acknowledged, indicating concisely the funding organization and the corresponding grant or identification number.

Conflict of Interest (check this box if applicable)

☐ In the Observations section, the signatories of the manuscript disclose any commercial, financial, or personal relationships with individuals or institutions that may have interests related to the proposed work.

Copyright Transfer and Distribution (check this box

☐ Publication of this work implies the transfer of copyright to the Facultad de Contaduría y Administración of the Universidad Nacional Autónoma de México, which reserves the right to distribute the published version of the paper on the Internet under the terms of a Creative Commons 3.0 Mexico license, specifically the Attribution-NonCommercial (BY-NC) license. Making the paper available under this format enables its authors to comply with the provisions of the Mexican Science and Technology Law regarding the mandatory open access to the results of scientific research.
